CAREER OBJECTIVES

In the Industrial field, while making a positive contribution, I would like to build a career, making the best use of my developing and logical skills to perform the job efficiently.

PROFESSIONAL EXPERIENCE (More Than 3.5 Years)

Company	: Nexdecade Technology (Pvt.) Ltd., Dhaka, Bangladesh	
Designation	: Software Engineer(iOS)	01 August 23 – Present
Project	: 1. TSports, 2. Toffee – Sports, Movies, Drama, 3. Amber IT OTT	
Responsibilities	: The versatile OTT platform provides users with seamless access to Live TV, movies, sports highlights, TV series and many others features. The app delivers a rich multimedia experience, featuring content from a variety of genres, including exclusive live sports events and original series. I was responsible for developing key features, refactoring code for optimal performance, upgrading the app to include new functionalities, fixing critical bugs, and publishing the app to the App Store.	
Company	: ShareTrip Limited, Dhaka, Bangladesh	
Designation	: Software Engineer(iOS)	01 August 21–31 July 23
Project	: 1. ShareTrip – Flight, Shop, Voucher, 2. ST Pay – Spend, Save, Invest	
Responsibilities	: ShareTrip is the country's first and leading travel aggregator. The dynamic app lets you book Flight, Hotel, Holiday, Tour. Including Visa Processing, Flight Tracker, Spin To Win, and Blog. STPay has key features that include send/Request Money, Exciting Deals/Vouchers, Bill Payments, Mobile Recharge, Scan To Pay, Bank Transfer, Shop. I was responsible for Developing, Refactoring, Upgrading, Fixing bugs, and Publishing to the App Store.
